FECULETTES.

We regret to learn that Mrs. J. H. Her-ring, a sister of Mr. Thomas Maloney, of Greenville, is lying at the point of death, from consumption, at her home in North Carolina.

The colored minstrels made a grand start in full force, about noon yesterday, being followed by the imposing and pompous drum major, and included the splendid brass band. They attracted much attention. Last night the band again gave some fine pieces of music in front of the opera-house.

We have heard both Democrats and Republicans say that there is nothing better for a cough than Dr. Bull's Cough Syrup; this reliable remedy never fails to cure a Cough or Cold at once, and may be obtained at any drug store for 25 cents a bottle.

A CHRONICLE MAN on his rounds noticed that Mr. J. J. Condon, the enterprising dealer on McClure street, has just received a large lot of new goods of all kinds: Domestic, Flannels, Jeans, and Dress Goods, Groceries, Vegetables, and Canned Goods. One of the largest stocks of Canned Goods in town. Also a large line of Boots and Shoes, Hosiery and Baskets.

The packer of the "Nepenthe" brand of oysters, Mr. Thomas H. Dorey, foot of Tenth street, North River, N. Y., writes: I had a sprained arm, and St. Jacobs Oil was applied. It reduced the swelling and eased the pain at once, proving it a remedy of rare worth.

Alderman H. Michaels, chairman of the city council, met yesterday afternoon at the last meeting of the board, has been busy for two days attempting to find a location for a post office, or hospital, for the use of the city. He thinks favorably, as we learn, of a place on Sharpe's Ridge about three miles north of the city, belonging to our fellow-citizen Mr. A. David. It seems to be a very suitable location, can be purchased on good terms, and it would doubtless be the right thing to secure it.

MORRIS CONCERT FRIDAY NIGHT.

One of the finest musical treats that has been offered to a Knoxville audience for a long time will be given next Friday night, at Stanb's opera-house, in the shape of the first musical concert by the Morris Club of Knoxville. The concert will include some of the very best talent Knoxville affords, which is being specially trained for the occasion, under the leadership of Knoxville's own unequalled music professor, Prof. G. R. Kuaba, D. M. He will be musical director on that occasion, and that is a sufficient guarantee of the excellent character of the concert.

There will be a grand chorus, with an orchestra accompaniment of fifteen pieces, besides solos from some of the best vocalists in the city. The general admission will be 50 cents, and there will be no reserved seats, so that it will be both desirable and advantageous to be prompt and early in attendance.

If your sight is failing you, there is no one article that will so truly give you "an eye for an eye" as the Oculoid Eye-Glasses. For sale by all leading Jewelers and Opticians.

Fine Dolls.

All the little girls in Knoxville who have saved pennies enough to buy a new doll, should go to Taylor & Co. to make the selection. The stock of Dolls which Mr. Taylor has secured for the coming holiday season, is thought to be far the finest ever brought to town. Dainty little Dolls, in pleasing variety of style, stand side by side with the towering and beautiful Wax Dolls, three feet in stature. The Jointed Dolls, either movable or fixable, are truly fine, especially the latter, the arms, limbs and head of which are easily fixed in any position, and some beautiful effects are produced.

Mr. Taylor has also a large supply of Dressing Dolls, that represent the different classes of women to perfection. Mammies and everybody interested should call there to purchase.

Hosford's Acid Phosphate. It is very valuable for professional men. It supplies the phosphates which are always lost by severe mental labor.

Amateur Debating Club. This society met on Monday night last, pursuant to adjournment. An essay was read by Alex O. Roehl, upon the subject of "The duties about to devolve upon the rising generation." This was followed by the debate, subject being as follows: "Resolved, That the United States should have a free trade." The affirmative was ably defended by James Morrison and James Hinchaw; the negative by Wm. B. Staley, Jr., and E. A. Montgomery. Mr. Morrison and Mr. Hinchaw presented their side of the case in as able and as eloquent a manner as possible, yet to little effect, for when Staley and Montgomery came along with their eloquent and logical arguments, they carried the president and the house with them, completely burying the affirmative speakers.

Mr. Morrison is an old "Chi Delta," gaining the above question for the affirmative, in public debate at the opera house, some years since. So much the more honor to Staley and Montgomery. We were then favored with two declamations, one by C. Blankenship, the other by Mr. W. L. Bean. Both were excellent.

Our question for next meeting is, Resolved, "That the sale of ardent spirits in the United States should be prohibited."

Some of our best speakers are to debate this question next Monday night. Arrangements are being made for a public debate to be had about Christmas.

SMALLPOX NEWS.

Meeting of the Board of Health and Special Council Meeting.
A special meeting was called by Mayor R. S. Payne, at the city council last night, to take action in the matter of taking steps to provide against the infection of our city by smallpox.

The meeting was called to order by Mayor Payne, who called upon Dr. C. Deederick, president of the board of health, who stated that the board of health had held a meeting during the day, and they decided that it had become necessary to take some action in the matter of preventing a spread of smallpox in our midst. He suggested the appointment by the city council of three reputable physicians, to be known as an examining committee, to examine and pronounce upon all suspected cases, which might be found in the city. He suggested the names of Dr. T. W. Shaw, M. M. Alexander and J. P. Park, as such examiners.

Col. J. W. Gault, of the board of health, made some remarks coinciding with the remarks of Dr. Deederick, and, speaking for the commercial interest of the city, he urged speed and decisive action in these precautionary measures.

After some further discussion, Alderman Luttrell moved to authorize the Mayor to take the matter in charge, and appoint the examining physicians, and adopt such measures as are deemed necessary and expedient.

Alderman Michaels, chairman of the market and building committee, made a statement of several sites which can be had for a post house or hospital, on reasonable terms.

The question of a possible quarantine in the future was suggested and discussed, but action was postponed until some official suggestion by the board of health, if they have any to offer.

A second case of smallpox was pronounced upon yesterday in the case of a colored woman, named Mary Givill, who came from Chattanooga last Thursday, and was taken sick Friday. She is on Cumberland street, East Knoxville, near the junction of Main. Dr. Hudgins, city physician, has taken charge of the case.

SMALLPOX IN CHATTANOOGA.

The Real Facts as Communicated by Mayor Evans.
Mayor Evans handed us the following yesterday evening, which contradicts some extravagant stories:

To THE CHRONICLE.—In view of the extravagant reports in our city concerning the smallpox in Chattanooga, I think it due to that city to allow you to publish, if you think advisable, the following telegram received to-night.

CHATTANOOGA, November 21.
R. S. Payne, Mayor:

There are nineteen cases in the city, all told, at different stages, including varioloid. All are confined to two localities, and are closely quarantined and under strict treatment. There was one new case yesterday, and none to-day. There is no occasion to be alarmed. H. CLAY EVANS, Mayor.

Callender's Colored Minstrels.

"A tip top, first class show" was the expression of perhaps every one who came from the opera house last night, after witnessing Callender's celebrated colored minstrels in one of their inimitable renditions. If not expressed verbally, it could be plainly read upon the countenance of every one.

It was the opening night of their first engagement in Knoxville, and it was to an immense business. The house was filled with one of the largest audiences of the season, and we have never seen a more thoroughly satisfied or more highly pleased audience, if we are to judge from the demonstrations. There was almost one continuous roar of applause and laughter from the rising to the falling of the curtain.

And it was in reality a show that is calculated to excite genuine admiration. The company consists of original colored men throughout, except the manager, Mr. Howard Spear, and director, Mr. John Rife, and all are admirably adapted to their parts.

The first part introduced some fine vocalists, especially by Edmund Johnson, the splendid interiorer, Will Walker and James Johnson. The gags were, for the most part, new and taking, and gotten off with good effect. In the getting off piece Big-mouthed Tom McIntosh scored a wonderful hit in his bass drum exercise. He is of himself a whole team, and proved it through the entire performance. Billy Green is a real artist, and richly deserved the hearty applause showered upon him. John Taylor, Pete Devener and W. Reynolds also came in for their share of merit, and in fact there was not a limp one in the whole troupe.

The scenes were all novel, unique and startling, and truly illustrative of Southern life among the colored folk, in some localities. It was, in fact, by all odds, the best show for genuine fun and amusement that has ever been along this way.

A marked feature about the performance is that there is nothing bordering upon vulgarity or profanity, but everything is refined, and in good taste, so that it may be seen by the most cultured and refined, without a blush. The management is to be congratulated upon the excellence of the show, in all its departments.

To-night, another performance will be given, with a change of programme, and those who would enjoy two or three hours of solid amusement should not fail to secure an attendance.

ALLEN'S LUNG BALM.

A Good Family Remedy!
This engraving represents the Lungs in a healthy state.

STRICTLY PURE. Harmless to the Most Delicate!

By its Faithful Use, CONSUMPTION HAS BEEN CURED When Other Remedies and Physicians have Failed to Effect a Cure.

Wm. C. Digges, Merchant of Bowling Green, Va., writes, April 4, 1881, that he wants us to know that the LUNG BALM has cured his mother of Consumption, after the physician had given her up as a hopeless case. He says, "I have known her cases, have taken the Balm and been cured; he thinks all so afflicted should give it a trial."

Wm. A. Graham & Co., Wholesale Druggists Knoxville, Ohio, writes us of the cure of a child from a well known citizen, who has been afflicted with Bronchitis in its worst form for twelve years. The LUNG BALM cured him, as it has many others, of Bronchitis.

Voluntary Editorial from the Dubuque Herald.

Allen's Lung Balm is a popular remedy in Dubuque and the surrounding country. The druggists whom we have interviewed, and in the state of different remedies for Lung Diseases, all speak in high terms of Allen's Lung Balm, not only as having the largest sale, but of giving utter satisfaction wherever it is used. It is a reliable and efficient remedy, wean speak from experience, having used it in our family for a long time.
